VICTRA UNITY

UNLOCKING POSSIBILITIES

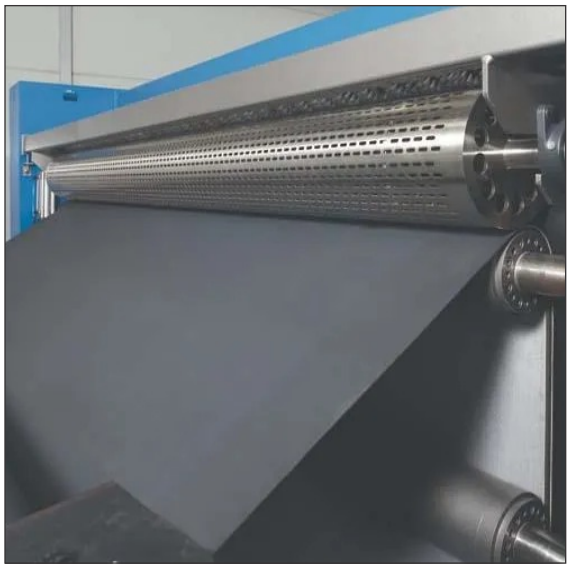

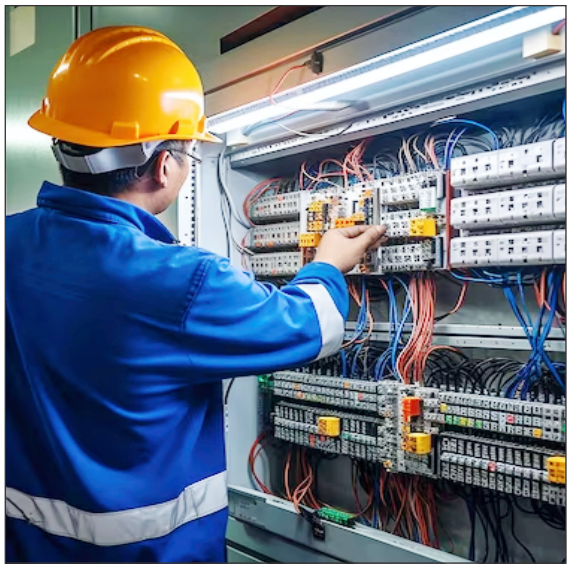

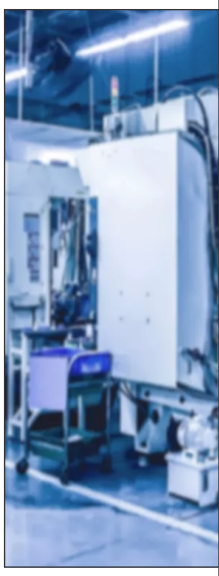

INDUSTRIAL SOLUTIONS

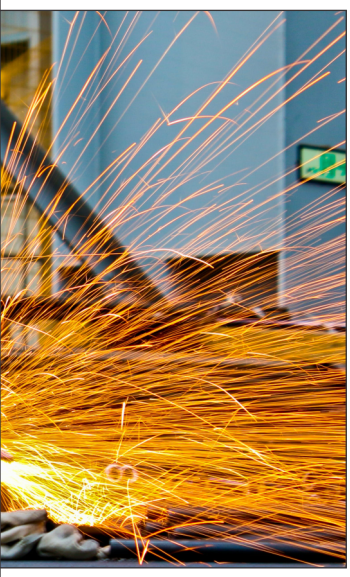

ABOUT US

VICTRA UNITY is a professional services company that offers a wide range of services for multiple industrial needs. We are dedicated to providing high-quality services that meet our clients' needs and exceed their expectations. Our team of experts is highly skilled and experienced, ensuring that every job we undertake is completed to the highest standard.

We offer a comprehensive range of services to meet the needs of our clients.

ENGINEERING
A SUSTAINABLE FUTURE

MISSION

We create possibilities through innovation, quality engineering and services, and form strong and rational collaboration – with a positive impact on key sustainable and resilient industrial service solution for cost effective and efficient one stop facility that improves quality of work, and complements diverse growth for the vibrant and manifold industrial solution.

VISION

A recognized and most trusted leader in manifold industrial solutions, leading organizations to provide multidisciplinary industrial services, comprehensive engineering, and facility operational services, delivering and managing innovative and visionary solutions for multiple industrial sectors. The Engineering Services vision focuses on innovative, efficient, and effective management and delivery of modern technology assets for cost-effective, efficient, and sustainable solutions with quick support for industrial needs. This is done through strategic planning, key partnerships, teamwork, and collaborative implementation, leading to focused, measurable, and beneficial results and outcomes for mutual and long-term alliances.

CORE VALUE

Unity, Integrity, Customer commitment, Quality, Respect for people, Personal accountability, Professionalism.

GOAL

To honour all promises and commitments, to deliver results, to build-up repeat & new customer.

INDUSTRIES WE SERVE

REFINERY INDUSTRIES

MANUFACTURING INDUSTRIES

CHEMICAL INDUSTRIES

TEXTILE INDUSTRIES

PHARMA INDUSTRIES

GLASS INDUSTRIES

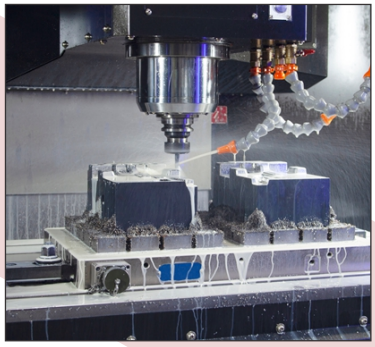

OUR SERVICES

- Engineering Services
- Industrial Automation
- Project Work
- Electrical Solutions
- Composite Rollers
- Conveying Systems
- Air Shaft
- Fabrication Work
- Industrial Products

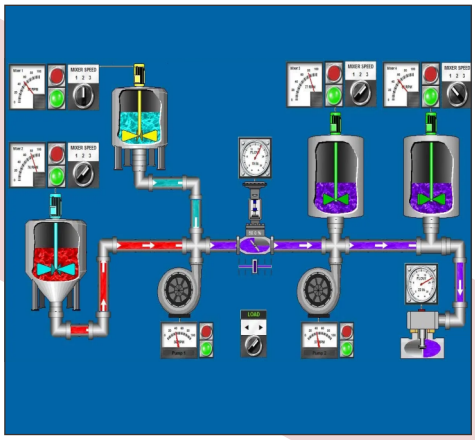

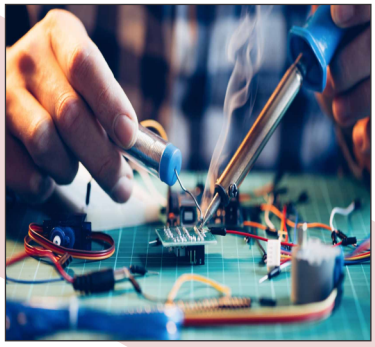

ENGINEERING SERVICES

- Special Part Designing & Developments
- Plant or Equipment's Maintenance
- Reverse Engineering
- Duct Line Installation & Insulations.
- On-Site Troubleshooting for Electrical & Mechanical Work.
- Technical Assistant and Engineer Visit.
- Fire-proof Panel Room Installation.
- Multi-brand Equipment repairing such as Pump, Valve, Gearbox, Pneumatic Cylinder, etc.
- Utility System Repairing services.
- Hydraulic equipment's repairing like – Hand Pallet Truck, Power Pack, Jack, etc.
- Card Wire Mounting work.
- Engineering Consultancy

INDUSTRIAL AUTOMATION

- System Automation
- HMI Repairing
- PLC Repairing
- AC and DC Drive Repairing
- PLC
- SCADA
- On-Site Technical Support
- Parameters Setting
- Servo Drive Repairing

PROJECT WORK

- Machine Erection & Commissioning
- Equipment Shifting and re-installation
- Equipment Modification as per the customer requirement
- Plant Development & Engineering Consultation
- Waste Water System installation
- Industrial Painting
- Machine Re-conditioning
- Plant Shutdown Maintenance

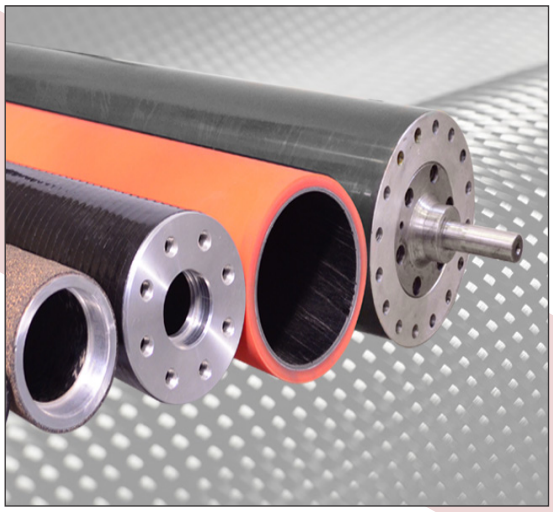

ELECTRICAL SOLUTIONS

- New Panel Design & Development As per Requirement
- Machine Panel Installation with Advance Facility as per requirement
- Panel Wiring Rectification
- Servo Voltage Stabilizer Repairing & New Installation
- HT Line Installation
- Cable Laying
- Industrial Lighting
- Motor Rewinding & Repairing

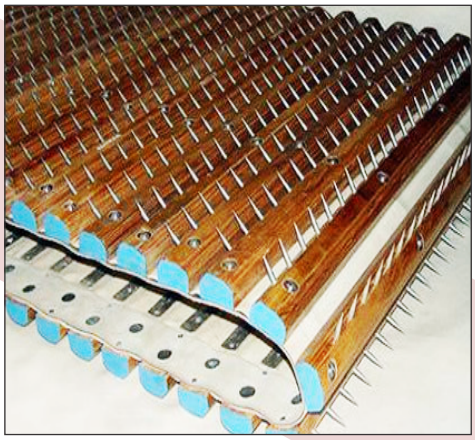

COMPOSITE ROLLERS

- Carbon Fiber Rollers
- Rubber Coated Rollers - As per application
- Banana Rollers
- Ebonite Rubber coated Rollers
- Rollers Coating work as per Required Composite
- Brush Rollers
- PU Rollers
- Nylon Cast Rollers
- Chrome Finished Rollers

CONVEYING SYSTEMS

- Customize Conveyor in PVC, PU, Mesh, PTFE & Nylon
- Customize Spike Lattice & Lattice – Wooden, Aluminum, PVC
- Conveying System As per Design & Requirement
- Conveyor Repairing
- Alligator Joints & Repairing
- Finger Joint Repairing
- Heavy duty Conveyor Repairing
- Multi – Layer Special Conveyor Repairing

AIR SHAFT

- Lug Type Air Shaft
- Multi Bladder
- Differential Air-Shaft
- Leaf Type Air Shaft
- Mechanical Shaft
- Repairing of the all type of Air-Shaft

FABRICATION WORK

- Structural Fabrication
- Pipeline Fabrication – Compressed air, Gas, Thermic Oil, Water line
- Industrial Equipment Fabrication
- Pre-Engineering Fabrication
- Water Treatment Plant Fabrication
- Equipment Installation & Shifting

INDUSTRIAL PRODUCTS

- Servo Drive
- AC-DC Drive & PLC, HMI
- Profinet Cable & Plug in Connector
- Transmitters
- Encoders
- Sensors
- Servo Voltage Stabilizers
- Customized Metal Parts
- Pressure Gauge & Pressure Sensor
- Linear Rail & Bearing
- All Type of Switches
- Panel Accessories
- Filtrations Products
- Pump Spares
- Imported Machine Spares
- Testing Instruments

WHY CHOOSE US ?

- We believe in professionalism
- One stop solutions for obsolete and legacy products
- We deliver quality services
- Instant support during machine breakdown
- We monitor our work to provide quality services
- Cost effective maintenance
- We are committed to deliver the work within timeline
- New technology integration
- We believe in continuous improvement and feedback analysis
